

## **TENNESSEE STATE EMPLOYEE SUGGESTION AWARD PROGRAM**

This program is designed as a means for state employees to submit their good ideas and suggestions on how to improve state government operations or services and reduce costs.

Suggestions received in the Department of Personnel ESAP office are screened for eligibility, acknowledged and routed to the appropriate state department(s) and/or agency(ies) for evaluation. After the suggestion has been evaluated, the employee is notified whether the suggestion was recommended for adoption or given the reason(s) for non-adoption. Recommendations for all adopted suggestions are considered by the Employee Suggestion Award Board, which is comprised of:

-  Commissioner of Personnel
-  Commissioner of General Services
-  Commissioner of Finance and Administration
-  Executive Director of the Fiscal Review Committee
-  Representative of the Tennessee State Employees Association

The Award Board makes final decisions based on:

- ❖ The report and recommendation of the evaluating agency, and
- ❖ The review and evaluation of the agency's information and subsequent recommendation by the ESAP Review Panel designees.

### **CASH AWARDS → \$10,000!!!**

If your suggestion is recommended for adoption and approved by the Award Board, you are eligible to receive 10% of the first year's estimated net savings or \$10,000, whichever is less. The Award Board may increase the maximum amount of the award for suggestions which result in extraordinary amounts of savings. (This maximum award increase was passed by the Legislature in 2004.)

Cash awards are subject to taxes.

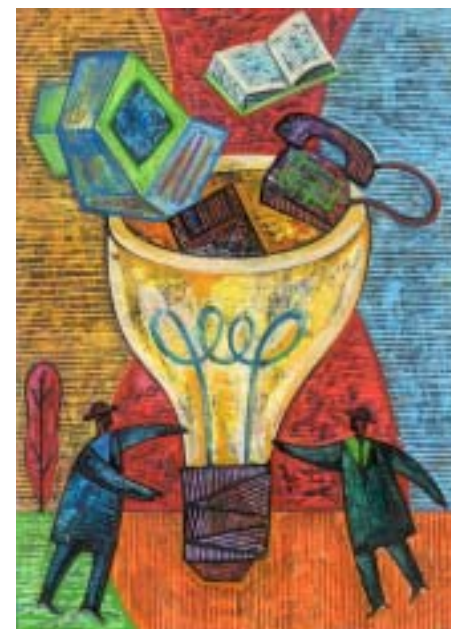

Non-measurable awards are awarded on a bonus point system.
